

-  Simple but effective gate stop for outside use.
-  Quieter gate closing - the rubber bump stops reduce noise.
-  Easily fitted to gates using the screws provided.

## PRODUCT DETAILS

Product code:	Description:
GSK	Gate silencer kit

Screws provided.

## INSTALLATION

1. Mark the position of the screw holes and drill out to 7.3mm to receive M8 tri-tap screws (for 1.5 - 3.5mm material).
2. Screw in position to the gate post using the 4x M8 x 25mm button head tri-tap screws provided.
